▲ "Tulu" screen cotton armchair by Kenneth Colegroup for JETSET by Colegroup.com

▲ "Steel Tongue" chair is a playful post-structural light fixture with its own collapsible expression. www.projectimportexport.com

Who says green can't be beautiful? Putting a quirky and sleek spin on reuse, refurbish and recycle is what is in the air. It is the mood of the times.

The new art of design marries earth's natural landscape with technological innovations. Original one-of-a-kind pieces are created and eclectic vintage styles refashioned into contemporary conversation-starters with reprocessed

▲ PIE's aluminum "Steel Tongue" chair is handcrafted and designed to imitate nature. www.projectimportexport.com
